Installation Materials

Our Story

LEOKAP ADHESIVE INDIA PVT. LTD. Factory: Sivagangai, Tamil Nadu.

With over two decades of industry experience and having lead the growth journey of two leading organizations in the market, Mr. SP. Desigan decided to begin his entrepreneurial journey in 2021 with LEOKAP. We are backed by immense practical knowledge of the industry to offer a product line that promises 100% satisfactory and flawless result to the end users.

Our aim is to become an industry leader with ground-breaking technology, unique products, and introducing high-performance building materials for architects, builders, and other construction professionals worldwide.

A comprehensive portfolio of technology and solutions and the broad range of products offered by LEOKAP demonstrate the company's commitment to quality and reliability.

We offer contractors and end-users a full range of tile and stone installation solutions and expertise delivered through high-touch, personal service. LEOKAP offers an extensive product range for its customers from liquid-applied waterproofing to dustless mortars, to innovative grouts.

Our main product lines include Tile and Stone installation materials made up of cement based product line. We also offer waterproofing solutions to ensure longer life for your construction.

Tile & Stone Installation Materials

High-performance, uncomplicated, easy-to-use tile adhesive for professional tile fixers. We have an extensive product range of cement based tile and stone adhesive for fixing ceramic, vitrified tiles and stones of all size. It can be used for tiling work on wall or floor for both internal and external areas.

Tools and Accessories

We offer a variety of innovative application tools to our clients based on our vast experience in the industry and our understanding of the market.

LEOKAP TILE SPACER

Tile spacers created by LeoKap ensure uniform spacing between tiles, resulting in good alignment throughout the tiling area. In addition to being available in different sizes, they can be used with ceramics as well as vitrified tiles.

LEOKAP NOTCHED TROWEL

LeoKap's notched trowel is made of high-wear-resistant stainless steel with a perfect flat surface.

LEOKAP SQUEEGEE

The LeoKap squeegee makes grouting tile much easier, whether you're using cementitious or epoxy grout. By using the rubber base, you can grout smoothly and without scratching, increasing productivity.
